Tariff delegations continue to arrive in Ottawa. The committee of the cabinet, appointed to consider the question received three delegations one in regard to sewer pipes, another respecting foundry facings and a third one regarding the iron industry. Manufacturers who are using bar iron as the raw material are asking that the duty on that commodity be reduced, whereas the rolling mills want free scrap iron, their request being opposed by the makers of pig iron.

Alex McKay, M.P. for Hamilton, and one of the government's parliamentary whips states that parliament will not meet for dispatch of business before March 8 or 15.

GENERAL NEWS.

The report of the minister of agriculture for the past year, issued yesterday, deals at length with the trip made by Angers and Foster through Manitoba and the Northwest. Angers says the unusually low prices which farm products have commanded during the past two years have had a depressing effect upon agriculture generally, which depression has been felt more particularly in Manitoba and the Northwest where grain growing is the chief industry. He states that in those districts, where mixed farming and dairying have been carried on, the farmers have enjoyed a fair degree of prosperity, but that the yield of cereal crops in Manitoba and the Northwest have a lower average than was expected in consequence of hot weather. Angers says: "I found that in Manitoba and the Northwest the attention of farmers had been mainly fixed on the raising of wheat.

It is reasonable to assume that the receivers of the Northern Pacific have agreed as to the terms of the modified schedules which with the concurrence of the men, are to be submitted to the courts for authorization.

Last Saturday evening, a party of island residents while crossing from Toronto to Centre Island had a thrilling experience. When a short distance from the city side their boat was caught between ice floes and crushed in. The occupants, Miss Forest, school teacher, of Centre Island; Supt. Kimmins, of Island Park; Island Constable Gray and wife, and Caretaker Ham, of the Sick Children's hospital, were thrown into the icy water, where they struggled, clinging to floating ice, for nearly half an hour before the accident was observed from the shore. Miss Forest let go from sheer exhaustion and was drowned. Mrs. Gray also lost hold but her husband grasped her coat collar with his teeth and held on until a rope was thrown to him. Kimmins and Ham lost their hold and went under twice and came up for the last time when rescued. They were unconscious and badly lacerated about the head, neck and hands by the sharp edges of the ice. It took nearly an hour to resuscitate them and their condition is serious. Miss Forest's body was recovered shortly after.

For months past the postal authorities of Montreal have received complaints from all over the country of extensive pilfering from the post office here. Detectives were notified and caught John Cunningham, of the mailing department, in the act of stealing a box of gloves, addressed to Corstine & Co., the well-known dealers of Montreal. Cunningham was arrested and taken to the central police station, where he confessed to stealing various articles. He was tried in the evening and sentenced to three years in the penitentiary.

The Dominion Temperance [illegible] has just issued a call for a grand prohibition convention to be held in Montreal the first week in July. Special invitations will be issued to Lady Henry Somerset, Miss Frances E Willard, Sir Wilfrid Lawson, of England, and General Neal Dow, of Maine.

Considerable anxiety is felt at Emerson by the reports of the outbreak of the terrible typhus disease at Grand Forks, Crookston and Grafton. In Grand Forks, out of a population of 5,000 inhabitants, 2,000 are affected, and as many as fourteen deaths occur a day. There is no abating of the epidemic.

The Liberal convention opened at Fort William Saturday afternoon, about forty delegates and supporters being present. James Conmee received the unanimous support of the party and preparations were immediately made for the forthcoming struggle.

The Conservatives of Brockville have nominated R.J. Jelley, reeve of Elizabethtown to contest the riding at the coming elections against Hon. C.F. Fraser.

The Conservatives of Lennox have nominated Uriah Wilson, M.P., for the Commons.

The Liberals of South Wentworth have nominated Nicholas Awrey for the legislature.

John F. Moore, treasurer of Whitby township, who disappeared Saturday last is short in his accounts about $10,000. It is alleged that he forged the names of the president of the village and clerk of the municipality for a large sum. Moore was also railway, express and telegraph agent and prominent in church affairs.

Conrad Heckle and H. Kenue, farmers living near Cavalier, N. D., were frozen to death last night while driving home from Bathgate. The team upset the sleigh and threw the men under a load of flour. The bodies were found this morning.

The death is announced of Mme. Rosalie Elizabeth Papineau de Montbello, daughter of the great French Canadian patriot, and sister of Louis Joseph Papineau, the present seigneur of Montbello.

In observance of his birthday the Emperor has granted an amnesty to all military prisoners who were sentenced to less than three weeks confinement and whose offense does not include illtreatment of subordinates.

In an argument before Judge Jenkins, on two petitions concerning the custody of the books of the Northern Pacific the fact came out that the stockholders of the company are quietly moving to reorganize the company with a view to recover the property from the hands of the Court.

ALWAYS BEWARE OF DISEASE

The health authorities at Canada's seaports should be on the alert to prevent the introduction of smallpox, which is said to be prevalent at Havana whence it was carried to New York. And not only at maritime ports, but at frontier points should precautions be taken. The dreaded disease is widespread in Chicago and committing much havoc in the poorer districts in the city, and there has been a serious outbreak of the plague on Blackwell's island New York, where that city confines its charity patients. There are eight hundred persons in the institution, who have been submitted to the contagion, and the police has been quarantined by the health department. Should the disease get abroad in the city at the present time when there are so many enfeebled by want, it will find plenty of material to feed upon, and as the population of New York and Chicago has a large element which comes under the heading "floating" the disease may be borne in all directions. It is a winter disease and once it gets a foothold it is difficult of eradication, therefore, we say, such precautions as are necessary should be adopted on the frontier and on the maritime coasts as will prevent as far as possible the introduction of the disorder.

Debaters of the tariff bill in the American Congress, especially on the Republican side, seem to be actuated more by fear of benefiting Canada than by a desire to help their own people. The gist of the debate seems to be, not how this or that clause will affect the United States, but how it will affect Canada, which is childish foolishness. Canada at the present time is not much troubled about the American tariff. She is attending to her own profitable business which the depression hasn't affected, and she doesn't care a continental whether the United States modifies, or codifies, reforms or rescinds, raises or lowers the tariff.

Higher education in Montreal is again to be congratulated upon having another splendid mark of admiration bestowed upon it. Mr A.F. Gault's gift of $100,000 to the Diocesan College, the Anglican institution in affiliation with McGill, well sustains the stream of princely bounty which the moneyed classes of Montreal are constantly supplying to their university. The fact that the Diocesan College will be made to benefit by this last donation will give churchmen in Quebec particular pleasure, while this bestowal must be satisfactory to all friends of McGill as well, because the strengthening of its tributary institutions is likewise a help to the university itself.

When a receiver took possession of the Chicago Guarantee Investment Company's affairs, he found the liabilities to be $55,000,000 and the assets $449. The report adds that the manager has been held for fraud. A man who could build up so many millions in liabilities upon a basis of $449 should not be regarded as a vulgar, fraudulent person, but as a Napoleon in the art of wholesale robbery. Chicago leads the world in all things.

In New Zealand the Government have given a bonus of $10 per ton for a term of years to encourage the starch industry. This is not a step towards free trade, though New Zealand has been pointed to as one of the low tariff oases in the desert of protection. But the fact is that nearly every country is arranging its tariff and voting the money of the state to encourage home industry.

The McCarthyites, fearing for the Home Rule measure, are said to have demanded certain pledges from Mr. Gladstone as a concession for their support. If these are denied they threaten to make their grievances felt in the House of Commons. They are also reported to be unsatisfied with Mr. Morley's course in Ireland, as it differs little from Mr. Balfour's. Evidently there is trouble ahead for Mr. Gladstone.

January 3, according to English exchanges, was certainly the coldest day experienced in London for more than twenty years past. With the thermometer at zero, snowstorms were raging in almost all parts of the country and many deaths and casualties resulted. The nearest approach on record in England to such weather occurred on January 4 last year.

The stockholders of the World's Fair in Chicago will realize about [illegible] cents in the dollar of their investment. They are lucky, for it is [illegible] 10 cents in the dollar [illegible] unpaid expenses. Besides [illegible] the proud satisfaction of knowing that they were the promoters of what proved to be, indeed, the greatest and grandest show on earth.

The rumors that attempts to [illegible] the Canadian railways in carrying United States freight will be renewed do not create a satisfactory feeling in the New England States. The Boston Herald, expresses itself [illegible] the matter. "The Canadian [illegible]" it says, "has been of great benefit to New England."

Although there are seven hundred other claimants besides the Toronto man for the $100,000,0 [illegible] estate in New York city, it is [illegible] figuring for. There is enough [illegible] round among the lawyers as well as claimants.

The weather is exceedingly mild, but it must be admitted by all men of experience that where the winter gets us is in the average. So be wise at the advent of February sew lugs on their hats and buy more coal.

WASHINGTON LETTER

(From our Regular Correspondent.)

Washington, D. C., February, 1894.

A GOOD HUMORED CONGRESS.

There is less political denunciation at the capital than usual. Whether it is because finances and tariff are less provoking than questions more directly involving sectional differences, or because those who have done most of the scolding heretofore are now too busy trying to do business, or because the bitterness of war times is being sweetened, or because of the astonishingly depressed state of business and labor; whether from one or more of these influences, the debates are less acrimonious than formerly.

INTEREST IN THE TARIFF

The crowds who thronged the galleries during the prolonged silver debate have been succeeded by others who flock to the House to hear speeches on the Wilson bill. They frequently applaud the speakers for their wit or oratory, if not for their sentiments. There are eastern dudes who are satisfied that an article is all right if it is imported, especially if it is in the clothing line. They turn up their pantaloons whenever it rains in "Lunnon". No doubt if it were possible to put a discriminating tariff that would hit such Anglomaniac sillies; even Jerry Simpson would vote for it.

THE WILSON BILL

Will be passed by the House on the 29th of this month with very little change. There is some democratic dissatisfaction but not enough to defeat nor to radically amend the bill and the House Republicans will not vote to help a few Democrats who kick in the interests of their particular districts and they probably could not accomplish much if they tried. But in the senate the parties are more evenly balanced and here will probably be some log rolling by which the bill will be considerably modified. For example, it is believed that Hill and Murphy will vote to protect New York manufacturers, the Louisiana Senators are expected to stand for sugar, and coal and iron will probably have democratic friends. The fact that the Wilson bill would leave a deficiency will be used as a warrant for its amendment. But that will be done when it returns to the House or when it comes before a conference committee it is difficult to conjecture. It seems, however, as we said last week, pretty certain that a duty will be put on sugar.

THE SENATE

Is to take up the Federal elections bill and debate it about two weeks and there will probably be some speeches upon Hawaii during that time though action will be postponed until a report is received from the committee now taking testimony on the subject. The Queen's political weakness and her bloodthirsty notions have much hurt her case with those inclined to support her restoration.

Uxbridge Piano Co.
Uxbridge, Ont.

Gentlemen,—The Piano I purchased from you arrived safely and in order. I visited the leading music stores of this city with a view to purchase, but I did not see a Piano that pleased me as this does. The tone is rich and powerful, and it has several valuable improvements that I never before saw in a Piano. It has not been tuned since it left the factory and is still in good tune.

Hood's and Only Hood's

Hood's Sarsaparilla is carefully prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Pipsissewa, Juniper berries and other well known remedies, by a peculiar combination, proportion and process, giving to Hood's Sarsaparilla curative powers not possessed by other medicines. It effects marvellous cures when other preparations fail.

Like a Waterfall

Great Suffering

After the Grip

Tremendous Roaring in the Head —Pain in the Stomach.

"To C. I. Hood & Co., Lowell, Mass.:

"Two years ago I had a severe attack of the Grip, which left me in a terribly weak and debilitated condition. Last winter I had another attack and was again very badly off, my health nearly wrecked. My appetite was all gone, I had no strength, felt tired all the time, had disagreeable roaring noises in my head, like a waterfall. I also had severe headaches and

Severe Sinking Pains

in my stomach. I took medicines without benefit, until, having heard so much about Hood's Sarsaparilla, I concluded to try it, and the result is very gratifying. All the disagreeable effects of the Grip are gone, I am free from pains and aches, and believe

Hood's Sarsaparilla

is surely curing my catarrh. I recommend it to all." GEO. W. COOK, St. Johnsbury, Vt.

PROVINCIAL AUTONOMY.

To the Editor of The Times.

SIR,—I have read the letter that appeared in your paper of the 19th instant on the subject of Provincial Autonomy, and as I have had something to do in this matter and hold the position of Chairman of the Central Committee that was nominated at the large and enthusiastic meeting of our citizens for the purpose of devising ways and means for bringing self-government to the District of Saskatchewan, to which your correspondent refers, I shall state as briefly as possible what action has been taken by the committee and the progress made in the movement up to date.

The committee has held several meetings and has discussed "Ways and means."

On the 31st May last, it was agreed to by the committee that the co-operation of the Districts of Assiniboia and Alberta should be sought and that the members representing Saskatchewan should be instructed to discuss the question at Regina with the members from these two districts. The reason that led to this decision was that if the claim of Saskatchewan for responsible government had the backing of the Districts of Alberta and Assiniboia, it would give additional support to our request when it came before His Excellency the Governor General of Canada.

It was moved by Mayor Donaldson and seconded by Mr. McPhail: "Whereas the burden of developement of the District of Saskatchewan is imposed upon its inhabitants without adequate provision being made by which they can be put in possession of resources to meet their requirements.

And whereas it is absolutely necessary for the requirements of this District that a readjustment of her political and financial status should at once be made.

And whereas this committee having been appointed to devise ways and means for bringing self government to the District of Saskatchewan equal in every respect to that enjoyed by the other provinces of the Dominion this committee would now respectfully ask the several members representing Saskatchewan in the Legislative Assembly at Regina to bring the subject of self government for Saskatchewan very forcibly before the North West Assembly at its next session by asking for the co-operation of all the members of that Assembly to represent our desires to His Excellency the Governor General of Canada in order that Provincial Autonomy might be speedily secured to Saskatchewan. Also that a copy of this resolution be sent by the secretary to each member representing Saskatchewan in the Legislative Assembly at Regina and copies be also sent to the Editors of the SASKATCHEWAN TIMES and Winnipeg *Free Press* and that this committee await the result of the deliberation of the North West Assembly on the subject of the resolution."

I am personally aware that the secretary, Mr. Courtney, wrote to each of the six members representing Saskatchewan in the Legislative Assembly at Regina and also enclosed copies of the above resolutions.

Further, on the 22nd August, 1893, I personally forwarded other documents to Mr. Betts at Regina with the following letter.

Prince Albert, August 22nd, 1893.

J. F. Betts Esq., M.L.A.,
Regina.

DEAR MR. BETTS,—I am informed that you require another copy of subsidy to Regina Government and subsidies to our proposed western provinces. As I have no printed copy, I have written one out, which I now enclose. Let me say with all frankness, that now is your opportunity to distinguish yourself in the Parliament of your country. Our Board of Trade, here, said in their address to Sir [illegible] yesterday, as follows:—

"We are looking forward with eagerness to the time when we will enter upon a new era of progress and development such as Manitoba now enjoys. While we are now contending against the difficulties of distance and isolation from the great centres of industry and progress, we are trusting that under your administration our developement will be so advanced that the hum of industry will soon be heard on every side, that the vast tracts of land which we are offering to the immigrant, etc., etc., etc., and the surplus products over what is required for our own uses, will be carried by railway to the shores of the Great Bay that lies only a few hundred miles from this rising commercial centre."

Back this up in the house at Regina. Let nothing short of *better terms* for Saskatchewan satisfy you. We are dragging along now and unless we are helped very materially there will sure to be a retrogressive movement. Trusting that this will reach you safely and that your deliberations will be productive of much good for our District of Saskatchewan,

Believe me
Yours Faithfully,
JAMES TAYLOR."

To which Mr. Betts replied.

Legislative Assembly,
Regina, N.W.T. August 24th, 1893

DEAR MR. TAYLOR,—Yours with enclosure just to hand. I regret you should have gone to the trouble for I had the paper you gave me. I simply asked Stovel to send me a paper containing speech that I might look up the whole question.

I have fully decided to say nothing about it as a main question but will if opportunity occurs advance the claim Re on for that I will give when I see you. With kind regards,

Yours very truly,
(Sgd) J F. BETTS."

The reasons for this decision to say nothing about these vital questions at Regina have not yet been given to the committee.

This question of Provincial Autonomy with all its bearings and which is of so much importance to the District, appears to have been too insignificant a matter for our representatives to discuss for us at Regina, and they seem to have overlooked the fact, that the men who respectfully requested them to discuss it, are electors of the District of Saskatchewan. The cause of Provincial Autonomy for Saskatchewan is not dead but the question will have to be dealt with in some other way than that decided upon by the committee on the 31st May 1893.

Responsible government, with a properly adjusted subsidy expended in a rational way and by ministers responsible to the people, is anxiously looked for by the majority of the residents of the District of Saskatchewan.

JAMES TAYLOR,
Chairman, Central Committee.

Prince Albert, Feb 25th, 1894

THE SCHOOL Q[illegible]

To the Editor of the Times,

I noticed "Justice" has written a very peremptory letter, which I think should impress the minds of Prince Albert people very much. He says he expects I am voicing the opinions of the School Board. Well that may be, but I am sure "Justice" is not voicing the opinions of the Public. If he was he would come out like a man and not keep in darkness like a thief at night that is afraid to let the public know who he is. I don't object to see any one give their grievances, if they have any, but when, like "Justice" who comes out and has not manhood enough about him to give his name, he is not worthy of notice. Did it ever strike "Justice" he is making himself ridiculous in the estimation of the public who may chance to read his letters; he is one of those kind of men who it seems has nothing to do but find fault with their neighbor.

If he had any grievance I would not mind him signing himself "Justice," but what justice does he want or what grievance has he got? Is he ever a ratepayer, or is he nothing but a mere bigot that wishes the public to notice him. I doubt very much if this man pays enough taxes to entitle him to a vote and yet he has cheek enough to demand justice. Who is he and what is he?

I would have been better and I treated him with silent contempt, but why should a crank like him have his own way concerning other peoples' business.

So come out and give your name, or keep silent in the future, Mr Justice.

H. LACROIX

To the Editor of the Times

SIR, Justice has called attention to some of the irregularities in connection with schools but he has overlooked some that are far more serious than those he mentions. Now take the St. Patrick's school; at the present time there is only one child of school age in that district and even this one is a very irregular attendant. It is true that at odd times Mr. Genereux, the late chairman, moves to this side of the river, when this desirable event occurs the number of children of school age is increased, but I am informed that even when resident on the south side of the River the average attendance at this celebrated school is not increased, but in order that a respectable showing may result the bus from St. Anne's Convent is brought to the rescue and may be seen every morning conveying pupils from the vicinity of the West End Separate School down to St. Patrick and thus two schools meet the requirements of the law as to attendance and public funds are used to assist in keeping up the farce.

Yours etc.,
EAST END RATEPAYER.

To the Editor of the Times,

SIR,—Mr. Lacroix's letter in your paper last week, falls very short of a reply, if indeed it was intended as such, to the letter of "Justice" which evoked it. The passing reference to "Mr Justice" was about the only point made or attempted to be made and the good people who constitute your readers being fairly well aware of the influence intended the point is appreciated. The school Board of which the gentleman is chairman does not usually follow the other Board's actions, and it is wonderful to hear from Mr. Lacroix that such was the case in the present instance. Mr. Lacroix admits the error he committed, and hopes "Mr Justice" will not lose any sleep over it. I have too high an opinion of Mr Lacroix's common sense to believe that his answer was intended to be taken seriously. If so then both he and his Board for whom he spoke must take the rest of mankind for an "ass," of which there is much diversity of opinion.

How many persons know that Ripans Tabules, now so largely advertised and used, are simply the favorite prescription of their family doctor prepared in a scientific manner and a form convenient for handling, conveyance, preservation and use? In the great hospitals of the metropolitan cities, where the wealthy [illegible] better care than in their own luxurious homes, the ingredients of Ripans Tabules are administered to thousands of rich and poor alike with beneficial effect. They are the main dependence of the most eminent physicians in cases of derangement of the digestive organs, such as dyspepsia, constipation, biliousness and other ills connected with the stomach, liver and bowels. For some years one of the principal hospitals in New York City has used a formula, differing slightly from the common one, that has been found of unusual efficacy. Through the commendation of physicians its mission of healing has been so widely and rapidly extending that it finally seemed desirable to prepare the prescriptions in a convenient form, so as to make it available to the whole public at a moderate price, and to announce the fact through the recognized medium for securing publicity — advertisements in the columns of the newspapers of the land. This has been done, and now the time is not far distant when every family of intelligence will be as certain to possess a supply of Ripans Tabules as a clock or a cooking stove. They are already to be found on sale almost everywhere, and any druggist or dealer will supply them. A box, containing six vials is sold to 75 cents, and a gross package, containing four boxes, for $2. They will be sent by mail, post paid, to any address on receipt of price, by the Ripans Chemical Company, No. 10 Spruce St., New York.

Dick's Liniment cures All Lameness and Sprains

The Commercial says Prince Albert is without exception one of the best districts you can find in a week's travel for mixed farming. In an interview with a farmer from North Dakota, who has been looking around here for land for the last two months, he said it is good enough for him and leaves this week for Dakota to move his family there. There is any amount of good water, and plenty of groves and shade. The farmers there are complaining because they only had 25 bushels of wheat to the acre. Cows sell for $40, sheep $5 to $7 per head; wheat 35c, potatoes 10c per bushel and hay $5 per ton. Wood delivered at $1.50 per cord. Vegetables of all kinds grow ... Ripans Tabules.

Ripans Tabules are compounded from a prescription widely used by the best medical authorities and are presented in a form that is becoming the fashion everywhere.

Ripans Tabules act gently but promptly upon the liver, stomach and intestines; cure dyspepsia, habitual constipation, offensive breath and headache. One tabule taken at the first symptom of indigestion, biliousness, dizziness, distress after eating, or depression of spirits, will surely and quickly remove the whole difficulty.

Ripans Tabules may be obtained of nearest druggist.

Ripans Tabules are easy to take, quick to act, and save many a doctor's bill.

COST SALE from

Goods at actual Cost from Wednesday, December 27, 1893, to January 20, 1894.

Having to raise $5,000 within that time, we have again to face you with

"Three bare-faced facts."

First. $3225 Stock of Boots, Shoes, Moccasins, Overshoes and Rubbers.

Second. $5775 Stock of Ready made clothing, Gents' Furnishings, etc.

Third. $1000 Stock of Mitts, Gloves and Hosiery.

To avoid an Assignment or Sheriff's Sale, I face you with these three facts, and I tell you calmly that there is no blowing or catch penny wind in the statement. It's the cold blooded, iron-rock truth, I have to unload, and the essence of my unloading in CASH! Yes, $5,000 Cash must be raised in **thirty days**.

With the one alternative staring me in the face, I have settled down to the conviction that "grit will tell" and I am going to dispose of the goods, regardless of consequences.

From Wednesday, December 27, until January 20, 1894, I will throw at your doors clear grained bargains on a $12,000 stock.
